

What is NorTex?

NorTex is a high quality, non-toxic, water-based, solvent-free, low VOC, low odor, and low dust coating. It is a clear, glossy, and durable finish that provides excellent protection and enhances the appearance of the surface it is applied to. NorTex is suitable for use on a wide range of materials, including wood, metal, plastic, and glass. It is also resistant to UV radiation, which helps to prevent fading and discoloration over time. NorTex is easy to apply and dries quickly, making it a convenient choice for both professional and DIY users.
